MANIFESTO 2025-27

We're Greenwich Young People's Council (GYPC). We represent the views, concerns and aspirations of children and young people in Greenwich. We're determined to make positive changes for young people and our communities!

OUR PRIORITIES

Our 2025-27 priorities focus on breaking barriers, keeping each other safe, and building a future where young people are supported to reach their full potential.

LIFE SKILLS IN PREPARATION FOR ADULthood

GYPC believes young people need better access to meaningful work experience, life skills and job opportunities, and high-quality career education

COST OF LIVING SUPPORT

GYPC believes that families and young people need more support with the rising cost of living

SAFETY FOR YOUNG WOMEN

GYPC believes in protecting young women and girls and tackling harmful behaviours

SPACES FOR YOUNG PEOPLE

GYPC believes that young people need more safe, accessible spaces to build community, unleash potential hobbies, and speak out on matters affecting them
