1. Do not scale from this drawing.
 2. All dimensions are shown in metres unless otherwise stated.
 3. Layout based on Ordnance Survey MasterMap, © Crown Copyright 2018. All rights reserved. Licence number XXXXXX
 4. All street furniture/sign posts to be a minimum of 450mm from the kerb edge & installed with a clearance height of 2100mm unless otherwise stated.
 5. All sign locations have been agreed on a site between SYSTRA and the Royal Borough of Greenwich Council on 29/01/2025 and approved by the Royal Borough of Greenwich Council. The contractor is to seek clarification for any deviations.
 6. Road markings to be removed and installed as per the specification of Royal Borough of Greenwich.
 7. Contractor shall check and verify the location of existing underground services prior to excavation. Systra Ltd do not accept any liability whatsoever regarding the presence of any buried utilities prior any excavation. The attention of the client and the principal contractor is drawn to the following potential risks in conjunction with the proposed works as designed for this project:
 - 7.1. Works in the vicinity of live services will be necessary and the advice of all statutory service companies must be sought before any works commence.
 - 7.2. Works within and abutting the existing highway will entail traffic hazards and all appropriate safety measures including barriers, signs and lighting must be undertaken to the approval of the local authority, the highway authority and the police.
 - 7.3. The contractor will be responsible for locating all existing services within the vicinity of the works and ensure these are protected throughout the duration of the works. All utility plant should be clearly marked on the ground prior to commencement of the works.
 - 7.4. The contractor must ensure all working areas are fully secure.

1. Do not scale from this drawing.
 2. All dimensions are shown in metres unless otherwise stated.
 3. Layout based on Ordnance Survey MasterMap, © Crown Copyright 2018. All rights reserved. Licence number XXXXXXX
 4. All street furniture/sign posts to be a minimum of 450mm from the kerb edge & installed with a clearance height of 2100mm unless otherwise stated.
 5. All sign locations have been agreed on a site between SYSTRA and the Royal Borough of Greenwich Council on 29/01/2025 and approved by the Royal Borough of Greenwich Council. The contractor is to seek clarification for any deviations.
 6. Road markings to be removed and installed as per the specification of Royal Borough of Greenwich.
 7. Contractor shall check and verify the location of existing underground services prior to excavation. Systra Ltd do not accept any liability whatsoever regarding the presence of any buried utilities prior any excavation. The attention of the client and the principal contractor is drawn to the following potential risks in conjunction with the proposed works as designed for this project:
 - 7.1. Works in the vicinity of live services will be necessary and the advice of all statutory service companies must be sought before any works commence.
 - 7.2. Works within and abutting the existing highway will entail traffic hazards and all appropriate safety measures including barriers, signs and lighting must be undertaken to the approval of the local authority, the highway authority and the police.
 - 7.3. The contractor will be responsible for locating all existing services within the vicinity of the works and ensure these are protected throughout the duration of the works. All utility plant should be clearly marked on the ground prior to commencement of the works.
 - 7.4. The contractor must ensure all working areas are fully secure.
