What do we mean by...

Accessible toilets:
Toilets that are step free and accessible to wheelchair users.

Gender neutral toilets:
Toilets that can be used by anyone of any gender.

RADAR keys:
These keys, distributed by Disability Rights UK, give holders access to over 10,000 locked disabled toilets in the UK.

Changing Places toilets: Changing Places toilets are larger than standard accessible toilets with extra features and more space to meet additional needs. They are generally designed for dependent use, for example with a carer.

You can read more about them on their website: **changing-places.org/find**

What counts as a public toilet?

To be included in our list, toilets need to be clean and functional and available to the general public without having to ask permission or buy anything in exchange.

This information is correct as of July 2025. Please help us keep this information up to date – if you spot a mistake please email **community-champions@royalgreenwich.gov.uk**.

If you find any of the toilets mapped here are locked, closed, badly maintained or broken please do let us know at **fix.royalgreenwich.gov.uk**.
